# **Summary of the Board's Final Decision**

- [1] A complaint was made about the quality and compliance of the Respondent's building work and about the manner in which he conducted himself. The Board decided that the matters complained about did not meet the threshold for consideration as a disciplinary matter.
- [2] A complaint was also made about a failure to provide a record of work on completion of restricted building work. The Board found that the Respondent had carried out restricted building work and had failed to provide a record of work on completion of it. He is fined \$500 and ordered to pay costs of \$500.

## The Charges

[3] Under regulation 10 of the Complaints Regulations, the Board must, on receipt of the Registrar's Report, decide whether to proceed no further with the complaint because regulation 9 of the Complaints Regulations applies. Having received the report, the Board decided that regulation 9 applied to some but not to all of the allegations.

#### Regulation 10 Decision

[4] In this matter, the disciplinary charges the Board resolved to further investigate<sup>1</sup> were that the Respondent may, in relation to building work at [OMITTED], have failed, without good reason, in respect of a building consent that relates to restricted building work that he or she is to carry out or supervise, or has carried out or supervised, (as the case may be), to provide the persons specified in section 88(2) with a record of work, on completion of the restricted building work, in accordance with section 88(1) of the Act contrary to section 317(1)(da)(ii) of the Act.

## **Regulation 9 Decisions**

- [5] The complaint to the Board also contained allegations that the Respondent had:
  - (a) carried out or supervised building work in a negligent or incompetent manner (s 317(1)(b) of the Act); and
  - (b) conducted himself or herself in a manner that brings, or is likely to bring, the regime under this Act for licensed building practitioners into disrepute (s 317(1)(i) of the Act).
- [6] With regard to the allegations made, the Board decided that regulation 9(f)(ii) of the Complaints Regulations applied. It provides:

#### Complaint not warranting further investigation

A complaint does not warrant further investigation if—

- (f) the investigation of it is—
  - (ii) unnecessary;
- [7] In considering whether the investigation of a complaint is necessary, the Board must consider the directions of the courts regarding the threshold for matters to be dealt with as a disciplinary matter. In short, the conduct has to fall seriously short of expected standards of conduct.<sup>2</sup>
- [8] On this basis, the Board has decided that whilst there was some evidence of building work that may not have been completed to an acceptable standard or of conduct that may have been unacceptable, the matters raised did not reach the seriousness threshold as outlined in the above court decisions.

<sup>&</sup>lt;sup>1</sup> The resolution was made following the Board's consideration of a report prepared by the Registrar in accordance with regulation 10 of the Complaints Regulations.

<sup>&</sup>lt;sup>2</sup> Collie v Nursing Council of New Zealand [2001] NZAR 74

#### **Draft Decision Process**

- [9] The Board's jurisdiction is that of an inquiry. Complaints are not prosecuted before the Board. Rather, it is for the Board to carry out any further investigation that it considers necessary prior to it making a decision.
- [10] Ordinarily, the Board makes a decision having held a hearing.<sup>3</sup> The Board may, however, depart from its normal procedures if it considers doing so would achieve the purposes of the Act, and it is not contrary to the interests of natural justice to do so.<sup>4</sup>
- [11] In this instance, the Board has decided that a formal hearing is not necessary. The Board considers that there is sufficient evidence before it to allow it to make a decision on the papers. There may, however, be further evidence in relation to the matter that the Board was not aware of.

#### **Evidence**

[12] The Board must be satisfied on the balance of probabilities that the disciplinary offences alleged have been committed<sup>5</sup>. Under section 322 of the Act, the Board has relaxed rules of evidence which allow it to receive evidence that may not be admissible in a court of law.

# Failure to Provide a Record of Work

- [13] A Licensed Building Practitioner must provide a record of work for any restricted building work that they have carried out or supervised to the owner and the Territorial Authority on completion of their restricted building work.<sup>6</sup>
- [14] There is a statutory requirement under section 88(1) of the Building Act 2004 for a licensed building practitioner to provide a record of work to the owner and the territorial authority on completion of restricted building work<sup>7</sup> unless there is a good reason for it not to be provided.<sup>8</sup>

#### Did the Respondent carry out or supervise restricted building work?

[15] The Respondent installed the roof on a new residential dwelling. The work was restricted building work as it forms part of the external moisture management system of a residential dwelling. The Respondent also carried out building work on the facia of external joinery. The facia was part of the external moisture management system of the joinery. As such, that work was also restricted building work. The work was completed in October 2022.

<sup>&</sup>lt;sup>3</sup> Regulation 10 of the Complaints Regulations.

<sup>&</sup>lt;sup>4</sup> Under Clause 27 of Schedule 3 the Board may regulate its own procedure and it has summary jurisdiction, which allows for a degree of flexibility in how it deals with matters: *Castles v Standards Committee No.* [2013] NZHC 2289, *Orlov v National Standards Committee 1* [2013] NZHC 1955

<sup>&</sup>lt;sup>5</sup> Z v Dental Complaints Assessment Committee [2009] 1 NZLR 1

<sup>&</sup>lt;sup>6</sup> Section 88(1) of the Act.

<sup>&</sup>lt;sup>7</sup> Restricted Building Work is defined by the Building (Definition of Restricted Building Work) Order 2011

<sup>8</sup> Section 317(1)(da)(ii) of the Act

<sup>&</sup>lt;sup>9</sup> Clause 5 of the Building (Definition of Restricted Building Work) Order 2011

#### Has the Respondent provided a record of work?

- [16] The Respondent has not, since completion, provided a record of work. The Board obtained a copy of the Territorial Authority (Council) file. It contained a record of work from another Licensed Building Practitioner but not from the Respondent.
- [17] The Respondent should note that the requirement is on the licensed building practitioner to provide a record of work, not on the owner or territorial authority to demand one. He is required to act of his own accord and not wait for others to remind him of his obligations.

## Was there a good reason?

[18] The Respondent did not respond to the allegation that he had failed to provide a record of work. As such, there are no reasons for its non-provision for the Board to consider.

#### **Further Evidence and Submissions Received**

- [19] Following the Board issuing a Draft Decision, it received a submission from the Respondent. He stated that he provided a record of work to the owner in February 2022 for the roofing work and that it was also sent to the Territorial Authority. If it was provided on that date, then it was four months after completion, which is not on or soon after completion. The late prevision is, however, a mitigating factor.
- [20] With respect to a record of work for facia of external joinery, the Respondent stated that he was not aware that he had to provide one for that work. Ignorance of the law and of one's obligations and responsibilities as a Licensed Building Practitioner is not a defence. It may, however, be a mitigating factor.

# **Board's Final Decision**

[21] The Respondent **has** failed to provide a record of work on the completion of restricted building work.

## Penalty, Costs and Publication

[22] Having found that one or more of the grounds in section 317 applies, the Board must, under section 318 of the Act<sup>i</sup>, consider the appropriate disciplinary penalty, whether the Respondent should be ordered to pay any costs and whether the decision should be published.

[23] The matter was dealt with on the papers. Included was information relevant to penalty, costs and publication, and the Board has decided to make indicative orders and give the Respondent an opportunity to provide further evidence or submissions relevant to the indicative orders.

## **Penalty**

- [24] The Board has the discretion to impose a range of penalties. Exercising that discretion and determining the appropriate penalty requires that the Board balance various factors, including the seriousness of the conduct and any mitigating or aggravating factors present. It is not a formulaic exercise, but there are established underlying principles that the Board should take into consideration. They include:
  - (a) protection of the public and consideration of the purposes of the Act;<sup>12</sup>
  - (b) deterring other Licensed Building Practitioners from similar offending;<sup>13</sup>
  - (c) setting and enforcing a high standard of conduct for the industry;<sup>14</sup>
  - (d) penalising wrongdoing;<sup>15</sup> and
  - (e) rehabilitation (where appropriate). 16
- [25] Overall, the Board should assess the conduct against the range of penalty options available in section 318 of the Act, reserving the maximum penalty for the worst cases<sup>17</sup> and applying the least restrictive penalty available for the particular offending.<sup>18</sup> In all, the Board should be looking to impose a fair, reasonable, and proportionate penalty <sup>19</sup> that is consistent with other penalties imposed by the Board for comparable offending.<sup>20</sup>
- [26] In general, when determining the appropriate penalty, the Board adopts a starting point based on the principles outlined above prior to it considering any aggravating and/or mitigating factors present.<sup>21</sup>

<sup>&</sup>lt;sup>20</sup> Roberts v A Professional Conduct Committee of the Nursing Council of New Zealand [2012] NZHC 3354

<sup>&</sup>lt;sup>21</sup> In *Lochhead v Ministry of Business Innovation and Employment* 3 November [2016] NZDC 21288 the District Court recommended that the Board adopt the approach set out in the Sentencing Act 2002.

- [27] Record of work matters are at the lower end of the disciplinary scale. The Board's normal starting point for a failure to provide a record of work is a fine of \$1,500, an amount which it considers will deter others from such behaviour.
- [28] In the Draft Decision, the Board indicated that a fine of \$1,500 was appropriate. The Respondent provided submissions, which include the mitigation noted above and which referred to financial circumstances that are relevant. Taking those factors into account, the Board has decided that it will reduce the fine to one of \$500.

## <u>Costs</u>

- [29] Under section 318(4) of the Act, the Board may require the Respondent to pay the costs and expenses of, and incidental to, the inquiry by the Board. The rationale is that other Licensed Building Practitioners should not be left to carry the financial burden of an investigation and hearing.<sup>22</sup>
- [30] The courts have indicated that 50% of the total reasonable costs should be taken as a starting point in disciplinary proceedings<sup>23</sup>. The starting point can then be adjusted up or down, having regard to the particular circumstances of each case<sup>24</sup>.
- [31] The Board has adopted an approach to costs that uses a scale based on 50% of the average costs of different categories of hearings, simple, moderate and complex. The current matter was simple. Adjustments are then made.
- [32] Based on the above, the Board's costs order is that the Respondent is to pay the sum of \$500 toward the costs of and incidental to the Board's inquiry.

## **Publication**

- [33] As a consequence of its decision, the Respondent's name and the disciplinary outcomes will be recorded in the public Register maintained as part of the Licensed Building Practitioners' scheme as is required by the Act<sup>25</sup> and he will be named in this decision. The Board is also able, under section 318(5) of the Act, to order further publication.
- [34] Within New Zealand, there is a principle of open justice and open reporting, which is enshrined in the Bill of Rights Act 1990.<sup>26</sup> Further, as a general principle, publication may be required where the Board perceives a need for the public and/or the profession to know of the findings of a disciplinary hearing, and the courts have stated that an adverse finding in a disciplinary case usually requires that the name of the practitioner be published.<sup>27</sup>

#### Section 318 Order

[36] For the reasons set out above, the Board directs that:

Penalty: Pursuant to section 318(1)(f) of the Building Act 2004, the

Respondent is ordered to pay a fine of \$500.

Costs: Pursuant to section 318(4) of the Act, the Respondent is ordered to

pay costs of \$500 (GST included) towards the costs of, and

incidental to, the inquiry of the Board.

Publication: The Registrar shall record the Board's action in the Register of

Licensed Building Practitioners in accordance with section 301(I)(iii)

of the Act.

In terms of section 318(5) of the Act, there will not be action taken to publicly notify the Board's action, except for the note in the

Register and the Respondent being named in this decision.

[37] The Respondent should note that the Board may, under section 319 of the Act, suspend or cancel a licensed building practitioner's licence if fines or costs imposed as a result of disciplinary action are not paid.

#### **Right of Appeal**

[38] The right to appeal Board decisions is provided for in section 330(2) of the Actiii.
